

Christian Fellowship

W E L L S F O R D

As we enter 20/20 in this land so full of plenty
We don't know what treasure Jesus has in store
He will give us 20/20 vision, for that is His decision
And when we ask He will give us even more

He will set the captives free, but we really need to see
The people that He brings along our way

As we spread His love abroad
Pass it on and never hoard
For His love refills us every single day

He is still the God of miracles, His power never ends
Let's believe it and put satan 'neath our feet

He is our Master, He is our Saviour, and He also is our Friend
Through Him alone our lives can be complete

Let us truly love each other
Every sister, every brother
Knowing we are putting satan's kingdom down

Step by step and day by day praising Jesus all the way
Thank the Lord that He is going to save our town

So we give Him praise and Glory as we worship Him today
And thank Him for the things that He has done
For His blessings, for His patience, in every single way
And look forward, for the best is yet to come.
